Muttalib Moos

Junior Front-End Developer

✉ **muttalibwork@gmail.com**   📞 **+27 76 592 9070**   📍 **Cape Town, South Africa**

Profile

My name is Muttalib Moos and I am Junior Developer with a passion for front-end design and development on both web and application-based platforms. I am always eager to learn and further develop my skills within the industry.
I am a passionate developer but more importantly, I am passionate about technology.

Education

High School   Jan 2013 – Dec 2017
Norman Henshilwood High School
Graduated in 2017 with a Bachelor's Pass.

Tertiary Education   Feb 2018 – Dec 2021

Network:
- I have network experience using Cisco Packet Tracer as well as Windows Servers 2012 and 2016 to create virtual machines.
- Understanding of Cyber Security principles.
- basic encryption and decryption keys and principles.

General Information

I am passionate about, learning and open to learning new things. I am very invested in sports and try my best to live a healthy and productive life. My passion for creating and finding solutions to complex as well as simple problems is why I studied BScIT; it allows me to be creative by designing interactive user interfaces. I am able to code in various programming languages such as C++, Java code, JavaScript, HTML, PHP, CSS as well as Kotlin and a few others. I wish to further my studies once I am able to get the finances together. My goal is either to become a software engineer or a front-end developer. I also have some experience in photography editing and photography for personal use. I am very motivated to achieve every goal set for myself, I am always focused and enthusiastic about the job ahead and when I am struggling, I am not afraid to ask for help. I work well in team environments. I am also flexible as I am constantly trying and learning new skills that improve me and the work that I put out. If I was asked to describe myself in three words, I would say that I am passionate, organized, and strategic.

Awards and Acknowledgements

- Captain of my high school rugby tea
- Voted class representative in grades 11 and 12
- Took part and won the SATA (South African Touch Association) Senior Nationals tournament in the under category in March 2020.
